Cecelias

Mr Detz politeness personified!

So easy enough to say yes when I’m lost
with thousands of others in The Bureau’s
New Cloud.

As a temporary convenience, would I mind becoming Hubert Grimshaw?

Reluctant at first to say the least, but the more I research him, the more he proves just about identical to me in his likes, dislikes, quirks.

‘How about the real Hubert?’ I ask Detz.

“You don’t wanna know!”

Deceased? Nuthouse?…my mind skips quickly over these in the new excitement.

Speaking of which, he has a Cecelia, as do I.

Handful! As mine!

The two alone make my life triply exciting!

And wonderfully dangerous!

Of course, no one is being fooled here:
I’ll be Hubert forever.

The way things work.

And I’ll tell you, other Cecelia can really fight!
